## ECH 12C and ECH 15C Low Lift Pallet Trucks

### Innovation in Motion

Smart alternative to hand pallet trucks: Compact truck dimensions, low service weight, maintenance-free lithium-ion battery

Ready for use at all times thanks to the lithium-ion battery, which can be quickly and easily charged or interim charged from a power socket via Plug & Play

Safe and efficient even in confined spaces: The creep speed switch enables safe manoeuvring even with the tiller in an upright position

### ECH 12C/ECH 15C

The ECH 12C/ECH 15C is the ideal alternative to the hand pallet trucks. Its compact dimensions and low service weight of just 115 kilos make it the perfect partner for horizontal freight transport over short, level routes and in confined spaces. Whether in goods lifts, on sales floors or in racking aisles, the ECH 12C/15C is light, agile and safe, and, thanks to the creep speed switch, extremely manoeuvrable even with the tiller in an upright position. All this ensures its high efficiency and

flexibility even in areas with little space for manoeuvring. In addition, the lithium-ion battery provides maximum availability, as the battery can be charged and interim charged at any time at a power socket via the external charger. The ECH 12C/15C also offers a high level of user convenience. Thanks to the electric drive and the ergonomic tiller, loads up to 1,200/1,500 kg can be moved without fatiguing the operator, while conserving power in the process.

Flexible use even in freight lifts or on mezzanine floors thanks to the low service weight

Unrivalled availability thanks to lithium-ion battery for fast interim charging

The low-level chassis and sturdy frame construction ensure particularly reliable and safe goods transport

Agile, safe and manoeuvrable even in confined spaces. Thanks to the compact size and integrated creep speed switch

## ECH 15 Low Lift Pallet Truck

### Innovation in Motion

---

Ultimate availability and flexibility thanks to the Li-ion battery and built-in charger

Efficiency and ergonomics: The lifting capacity of up to 1,500 kg and electrically powered lifting and lowering make for quick and effortless goods handling

Compact dimensions, a deep-drawn chassis and additional support wheels ensure high levels of operational safety and stability even in the tightest of spaces

## ECH 15

---

The ECH 15 low lift pallet truck by STILL is an innovative, compact power package for diverse applications. The small and nimble assistant transports loads weighing up to 1,500 kg – while only weighing 180 kg itself. It is therefore ideal for many different applications, be it on mezzanines or in goods lifts as well as for transportation by lorry, especially when loading and unloading by lifting platform. Thanks to the standard support wheels the ECH 15 is stable in operation and

guarantees safe goods handling. The centrally arranged drive wheel and additional support wheels provide for great stability. The compact and deep-drawn chassis makes the ECH 15 resilient, durable and safe to operate. Thanks to its powerful, maintenance-free 48 V Li-ion battery and additional built-in charger, the ECH 15 is reliable and easy to use. The display also keeps the operator informed at all times about the current battery charge status and operating hours.

The low height of the pallet truck makes the fork tips easy to see

Always available: The integrated charger with Li-ion technology allows for convenient interim charging

Standard support wheels provide improved lateral support

Compact dimensions allow for flexible use even in confined spaces

## ECH 12C/15C and ECH 15 Low Lift Pallet Trucks

The 'Simply Efficient' factors: Performance attributes as a measure of economic efficiency

### Simply easy

- Easy and fatigue-free manoeuvring thanks to electric drive and lift motor
- Fatigue-free operation: Easy-grip tiller for left and right-handed operators
- Real-time information: The multifunction display on the ECH 15 shows the battery charge status and operating hours; the ECH 12C/15C's battery status is shown by an LED light (green, yellow, red)

### Simply powerful

- Impressive goods handling: Lifting capacity of 1,200 to 1,500 kg
- Always ready for use: Additional replacement battery maximises availability
- Durable: Sturdy frame construction
- High performance: Powerful and low-maintenance drive motor

### Simply safe

- Safe operation: Optimally dimensioned and positioned impact plate
- Improved operator health: No exhaust emissions thanks to maintenance-free battery technology

### Simply flexible

- Suitable for almost any application thanks to compact dimensions
- Different fork dimensions available for different load carriers

### Simply connected

- Seamless interaction: The li-ion batteries with battery management system interact with the truck

## Equipment Variants

		ECH 12C/ ECH 15C	ECH 15
General	Powerful drive motor	●	●
	Easy-grip tiller for ergonomic operation	●	●
	Multifunction display	—	●
	LED lights for the battery charge status	●	—
	Various fork sizes	●	●
Tyres	Sturdy frame construction	●	●
	Tyres for slippery floors	—	○
	Load roller tyres, single	●	●
	Load roller tyres, tandem	○	○
Safety	Easy-to-reach emergency stop button	●	●
	Sensitive impact plate for high levels of operational safety in confined spaces	●	●
	Maintenance-free battery technology	●	●
Battery	Additional battery	○	○
	External charger	●	○
	Built-in charger for charging on-the-spot	—	●
	Various types of mains plugs	○	○

● Standard ○ Option — Not available
